**To Whom It May Concern**

It gives me great pleasure to be a reference for Arun @ Arumugam Dorasamy based on his contribution to Go Art Hospitality Sdn Bhd (Go Art). Arun has been Go Art for almost a year, and in this year I have go to work with an intelligent yet brilliant man of his caliber. His vast knowledge in his scope of work is his greatest asset that he has obtained in his prior years of learning and experience.

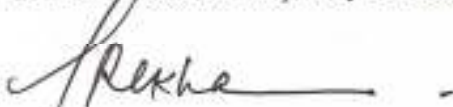

Arun has obtained his undergraduate degrees in Bachelor of Science and American Culinary Arts respectively in Wichita State University (1997) and American Culinary Institute of New York (1999). Upon completion of his degree, he then embarked into the corporate world whereby he has worked with Inventif Corporation dba The Rain Grille, Inventif Corporation dba Marbella Seafood Bistro, KA Corporation dba Martini Steakhouse and before joining Go Art he was attached with ESHOC.

Arun has held many high positions in the above companies that gives him the advantage of knowing his target market. I have personally seen his ability to converse and communicate with much senior officers within and outside the company and get his point across without and problems. He has a strong command in the written and spoken languages of Bahasa Malaysia and English. Hence giving him the edge to present any proposal or proposition to anyone within Go Art as well as any public officers that we have come in contact with.

Arun has an easy to approach personality that allows everyone at Go Art to work together with him without any disposition. He has a kind and understanding personality to go along with him especially when we encounter problems and issues that are overwhelming for my colleagues or myself. His calm and composed attitude towards problem solving allows us to have proper and rational discussions before arriving to any end decision. Apart from the above, Arun is highly competent and dedicated to any task bestowed upon him and will never give up until the problem or situation is solved.

Arun joined Go Art highly recommended through a business networking and it gives me pleasure to further his recommendation as a skilled, knowledgeable, experienced and highly capable individual that takes each assignment or task seriously and produces only the best quality of output. Arun is a great asset to my establishment and he will only continue to grow in his field in time to come.

On behalf of Go Art Hospitality Sdn Bhd,

(Rekha)  
Managing Director
